

## Lobo Serial Activator Windows Free

The screenshot shows the Total Uninstall Professional software interface. The main window displays a list of installed programs with columns for 'Nom du programme', 'Installé le', and 'Taille'. A dialog box is overlaid on the right side, showing the software's title, version (6.3.4), copyright information (© 2001-2013, Gavrila Martau), website (www.martau.com), and email (support@martau.com). The dialog also includes a license agreement for 'Portanul Gonzales' and a 'toutsofts' watermark.
